MEETING

Persistent Post-Surgical Pain: Challenges & Approaches

Tuesday 2nd May 2017

The Birmingham Conference & Events Centre (BCEC), Hill Street, Birmingham, B5 4EW

Registration from 09.00 – 09.45

The British Pain Society now performs its evaluations of study days online. Following today you should receive an email with a link to the evaluation. Once this is completed an attendance certificate will be emailed to you.

We value your comments - this is the first study day which APSIG has organised for some time - and your comments will help shape future events.

There are a number of the APSIG committee members here today, do make yourself known to them.

Felicia Cox, Ruth Day & Jane Quinlan

We are grateful for the support of Grünenthal today. Please speak to their representatives.
