

- A very common problem at pain clinics, as well as in the community. It is often difficult to achieve more than a moderate reduction in pain intensity.
- Expert speakers will discuss the mechanisms and problems in managing this group of conditions.
- Issues around detection in primary care through to off-license prescribing will be covered on the day.
- This study day brings a wide range of disciplines together to discuss management options available now and for the future.

Delegate fees: BPS Member £120, Non BPS Member £220, Trainee non Members £150

Complete and return to:
The British Pain Society - Third Floor, Churchill House, 35 Red Lion Square, London WC1R 4SG
Or complete and fax to 020 7831 0859. Or you may email the above details to meetings@britishpainsociety.org
